Dear Dr. Brusstar,

On reference of David Read, Patent Attorney, US EPA, he suggested I contact you to receive the latest in engine development and public test data regarding your and et al's US Patent Publication 2008/0230041, entitled "High Efficiency Alcohol Fuel Engine". I am most interested in your development program and look forward to discussing this matter in detail via telephone after reviewing above referenced data.

Data may be sent as follows:
